Design

Figma Sketch Adobe CC Miro Fusion 360

LEA EMERLYN

Software Engineer | Creative Technology

SIDE PROJECTS

May 2022 -Lead Engineer (Penn Resources) @ University of Pennsylvania

July 2023

My team worked on a resource sharing platform that allows students to share helpful content that they found online. The platform organizes the resources by class and topic so that current and future students can receive additional help.

April 2023 Software Engineer and Designer Solo React Project

> Built a recipe book web app that allows users to store recipes. I designed the app so that what you see is what you get for better user experience.

WORK EXPERIENCE

Feb 2023 -**Creative Technologist** @ JP Morgan Chase

Present I am in charge of the design, research and development of the UX

> Design team's Image Library Tool. The tool is available as both a web app as well as a figma plugin. It helped streamline the process of

purchasing and browsing stock images and illustrations.

July 2022 -**UX Designer** @ JP Morgan Chase

July 2023 After conducting user interviews for the JP Morgan Markets Mobile App,

> I presented the finds to stakeholders, which led to buy-ins for an app redesign. I created a new information architecture for the app as well as

creating a Figma design library.

Jan 2022 -Web Design Contractor @ Cardinal Health

May 2022 The firm did not have a design system for designers to use reusable

components. I was the solo designer working on the UI toolkit to make

sure that designs across the site are consistent and scalable.

Jan 2022 -**UX Designer (HCI Capstone Project)** @ Kiavi

May 2022 I am designing a solution to solve unmet needs of rental property

investors. I am currently conducting contextual inquiry/directed story

telling sessions to discover pain points of investors.

Apr 2021 -**Product Design Contractor** @ Sony PlayStation

Sept 2021 I performed a UX Multimodal audit to analyze how the PS5 and its

peripheral products work together. I looked into both the physical and

non-physical interfaces of the devices

May 2021 -**UX Design Intern** @ PNC Bank

July 2021 I worked in the PNC Investments team by leading design workshops and

implementing parallel prototyping. I also build high fidelity prototype for an app extension that increases both accessibility for students and

transparency for the bank.
